Update to Notice of Practice Closure

Dear Patients:

As you have been duly informed, my family practice is officially closed effective today, Friday, June 20, 2025. It has sincerely been a joy getting to know you. I am humbled by the trust you have placed in me, and I will always feel honoured to have been your family doctor.

Finding a New Doctor:

Unfortunately, I have not found a physician to take over my practice. I recognize that finding a new physician is challenging. I encourage you to be proactive in your healthcare management during this time. Below are some suggestions for ongoing care:

- Ask family and friends if they can try to get you in with their doctor.
- For medical advice, please call 8-1-1. You can also be placed on a waiting list for a new doctor.
- Visit <https://needafamilypractice.nshealth.ca> to register.
- Visit <https://www.nshealth.ca/clinics-programs-and-services/virtualcarens> to access virtual care which is FREE for patients without a primary care provider.
- Visit www.iamsick.ca to search for a doctor or clinic near you.
- You have the option to find a "Mobile Primary Care Clinic" in your area using Google.
- You can also find "Walk In Center" in your area by using Google.
- You can access a physician online by visiting <https://www.getmaple.ca/>
- Speak to your local pharmacist who may be aware of a physician in your area accepting new patients.
- Contact RSRS (see below). They sometime find out about physicians accepting new patients in various communities.

If you have an urgent medical matter in the absence of a doctor, please proceed to the nearest emergency room.

Your Medical Record:

I am required by the College of Physicians and Surgeons to store all original patient records for a period before they can be destroyed. I have selected RSRS, a physician-managed company, to safely and securely store all patient records from my practice, and to assist you in obtaining a certified and searchable copy for yourself and/or your new primary care provider. For those who did not obtain their records directly from my office, your medical record does not automatically follow you when you leave a medical practice, unless you arrange for it. I strongly recommend you obtain a certified copy of your personal medical

history from RSRS. It is a very important file for your continued care and should always be accessible, especially in the absence of a new care provider.

Please contact RSRS at your first opportunity for help with the next steps regarding your medical record. RSRS may contact you as well, to ensure that all my active patients have been properly notified.

You can contact RSRS in one of the following ways:

Web: www.recordsolutions.ca/DrAAdjeh

Tel: 1-888-563-3732

Fax: 1-877-398-5932

Email: info@rsrs.com

(Please note: There is a fee for the copy/transfer of your medical record, but it is not prohibitive.)

Thank you for your kindness and support over these years. I wish you well and good health for the future.

Sincerely,

Dr. Anthony Adjeh, MD.
