Notice of Practice Closure

Dear Patients:

With a heavy heart I wish to inform you **The Wembley Medical Clinic is CLOSING.**

Unfortunately, Dr. Candace Kuhn just informed me she is unable to take over ownership or practice at the Wembley Medical Clinic due to a CPSA practice permit restriction. *This means the medical clinic will be closing indefinitely on **May 29, 2025.***

I will be moving to Nova Scotia and unable to provide you with any medical care after the clinic closes. You will need to present to a walk-in-clinic to review any test results or investigations you have done after May 29, 2025. *If you have an urgent medical matter in the absence of a doctor, please proceed to the nearest emergency room.*

Finding a New Doctor

1. Go to <https://search.cpsa.ca/>
2. Go to <https://albertafindadoctor.ca/>
3. Contact "Health Link Alberta" at 1-800-408-5465.
4. Contact **RSRS** (see below). They often are aware of physicians accepting new patients.

Your Medical Record

I am required by the College of Physicians and Surgeons of Alberta to store all original patient records for a period before they can be destroyed. I have selected **RSRS**, a physician-managed company, to safely and securely store all patient records from my practice, and to assist you in obtaining a certified and searchable copy for yourself and for your new physician (who will not receive it otherwise).

I encourage you to obtain a certified copy of your personal medical history. It is a very important file for your continued care and should be accessible at all times, *especially in the absence of a new doctor.* I have included an infographic illustrating 10 reasons why getting your record is so valuable. **Please contact RSRS at your first opportunity for help with your medical record following my closure.** It's possible that they may contact you as well, to ensure that all of my active patients have been properly notified.

(Please note: You can make arrangements for your record immediately. However, unless you're already starting with a new doctor or you have an urgent requirement, the actual delivery of your requested medical record will take place only after my practice closes. My office will not be facilitating record transfers This will only be handled by RSRS. There is a fee for the copy/transfer of your medical record in accordance with guidelines, but the fee is not prohibitive.)

I have truly enjoyed my time as your physician and I wish you all the best,

Sincerely,

Dr. Angela Luckham, MD, CCFP
