Notice of Practice Closure

Dear Patients:

It is with mixed feelings and due to health considerations, that I have decided to retire from my medical practice effective immediately. My practice is now permanently closed.

Finding a New Doctor

While I have not identified a physician to take over my entire practice, the following physician has agreed to see you as required while you are searching for a new doctor. **Dr. Remon Ghaly** is located 8 minutes from my office at 421 Greenbrook Dr., Ste. 11 and can be contacted at 519-570-2053. Dr. Ghaly has also indicated that in time, he will know better if he can take on some of you into his practice full time. You are asked to bring a digitized copy of your medical record to see him so that he understands your health background (Please see "Your Medical Record" below).

Here are some other resources for a new doctor:

1. Ask family and friends to ask their doctors if they would take you in.
2. Contact "Health Care Connect" at 1-800-445-1822.
3. Contact RSRS (see below). They often are aware of other physicians accepting new patients.

In the event of an emergency, please proceed to the nearest hospital emergency department.

Your Medical Record

I am required by the College of Physicians & Surgeons to store all original patient records for a period before they can be destroyed. I've selected **RSRS**, a physician-managed company to safely and securely store all patient records from my practice. RSRS will assist you in **obtaining a certified digital copy for yourself. You will also need this to see Dr. Ghaly or any other physician.**

Please do not delay to arrange for a digital copy of your own medical record. It is a very important file for your continued care and should be accessible at all times. Note: There is a fee for the transfer of medical records, but it is not prohibitive.

Please arrange for your record at:

www.recordsolutions.ca/DrArnold

or call RSRS at

1-888-563-3732, Ext. 1

Once again, I have enjoyed working with you to assist with your health care needs and wish you well and good health into the future.

Sincerely,

Rosemary Arnold, M.D.
