Notice of Practice Closure

Dear Patients:

It is with mixed emotions that I am announcing the closing of my general practice. **My last day of patient care is July 11, 2025.** It has been a privilege and an honour to have helped you with your medical needs.

Finding a New Doctor

Unfortunately, I have not found a physician to take over the practice. I recognize that finding a new physician is challenging. I encourage you to be proactive in your healthcare management during this time. Your medical record is an important piece of this (see below). Here are some suggestions to assist you for ongoing care:

1. Ask family and friends if their doctor may be accepting new patients.
2. Speak to your local pharmacist who may be aware of new physicians in your area.
3. Go to <https://search.cpsa.ca/>
4. Go to <https://albertafindadoctor.ca/>
5. Contact "Health Link Alberta" at 1-800-408-5465.
6. Contact **RSRS** (see below). They often are aware of physicians accepting new patients.

If you have an urgent medical matter in the absence of a doctor, please proceed to the nearest emergency room.

Your Medical Record

I am required by the College of Physicians and Surgeons to store all original patient records for a period before they can be destroyed. I have selected **RSRS**, a physician-managed company, to safely and securely store all patient records from my practice, and to assist you in obtaining a certified and searchable copy for yourself and for your new physician (who will not receive it otherwise). While there is a provincial system that carries some of your information, it is not complete, nor is it the same as the record I've accumulated about you

I encourage you to obtain a certified copy of your personal medical history. It is a very important file for your continued care and should be accessible at all times, *especially in the absence of a new doctor*. I have included an infographic illustrating 10 reasons why getting your record is so valuable.

Please contact RSRS at your first opportunity for help with next steps in your care and your medical record following my closure. It's possible that they may contact you as well, to ensure that you have been properly notified.

(Please note: You can make arrangements for your record immediately. However, unless you're already starting with a new doctor or you have an urgent requirement, the actual delivery of your requested medical record will take place only after my practice closes. My office will not be facilitating record transfers. This will only be handled by RSRS. There is a fee for the copy/transfer of your medical record in accordance with guidelines, but the fee is not prohibitive.)

It has been a pleasure to assist you with your health care needs. I wish all of you the best with good health for the future.

Sincerely,

Dr. Brianne Solomon
