NOTICE OF PRACTICE CLOSURE

August 2019

Dear Patients:

I am writing to let you know that after much thought, and with mixed emotions, I have decided to close my family medicine practice. **My last day seeing patients will be November 29th, 2019**

Finding a New Doctor

I have been unable to find another doctor to take over from me. I offer these resources to assist you in finding a new doctor:

1. Ask family and friends to ask their doctors if they would take you in.
2. Contact "Health Care Connect" which refers patients who don't have a doctor - 1-800-445-1822.
3. Obtain a copy of your medical record from RSRS for yourself, for a walk-in clinic, for emergency visits and for a new doctor. This will ensure continuity of care. They may also have resources for a new doctor.
4. *Please refer to the list on the next page for doctors at the East GTA Family Health Team who may have space to take you on.*

In the event of a medical emergency, always proceed to the nearest Emergency Department.

Your Medical Record

College regulations require that I must store all original patient records for a period of time after which they will be destroyed. I have chosen RSRS to provide secure storage for the records. RSRS is a physician-managed facility which will maintain all records in an appropriate manner and will provide you and/or your next family doctor with a certified copy at your request.

****Your medical record is very important for your ongoing health care. *I strongly encourage each of you to obtain a certified and searchable copy of your medical record asap.*** This information may not be immediately accessible otherwise.** To obtain a copy, please contact RSRS at:

www.recordsolutions.ca/DrBeamish

or call

1-888-563-3732 Ext. 1

(Note: Copy and transfer of medical records is a service not covered by OHIP. A reasonable fee will be charged to you.)

I want to thank you for the trust and confidence you have shown in me over the past years and wish you all much health and happiness for the future.

Sincerely,

Gregory Beamish M.D.
