Notice of Practice Closure

Dear Patients:

Many aspects of life have changed since I started as a family medicine doctor in 1999, in Burlington. I have been fortunate to know and grow alongside many of you over the last 23 years.

Over the course of the pandemic, with much reflection, I have decided to specialize in the field of dermatology and will be leaving my family practice. I am writing to inform you, I will no longer be in family medicine as of June 16, 2022.

Until that time, I will be available for prescription renewals. I will be doing virtual appointments as of March 1, 2022.

Finding a New Doctor

I appreciate that this transition can be worrisome, but several physicians at Halton Family Health can accommodate new patients in their practice. If you are far from Burlington, this may be the ideal time for you to find a physician closer to home. I encourage you to seek continuity of care by contacting the following listed below:

1. Go to www.haltonfamilyhealth.com/register
2. Call Health Care Connect at 1-800-445-1822
3. Go to doctors.cpsso.on.ca
4. Contact **RSRS, Inc.**(see below). They are often made aware of physicians accepting new patients in different communities.

Your Medical Record

I am required by the College of Physicians & Surgeons of Ontario to store all original patient records for a period before they can be destroyed. I have selected **RSRS**, a physician-managed company to safely and securely store all patient records from my practice and to assist you in **obtaining a certified copy for yourself**.

As a last piece of medical advice I encourage each of you to arrange for the retrieval of your own medical record. It is a very important file for your continued care and should be accessible at all times, even (and especially) in the absence of a new doctor. While there is a fee for the copy/transfer of medical records, it is not prohibitive. Please do not delay in making arrangements by contacting RSRS today at:

www.recordsolutions.ca/DrCalvert

or call RSRS at

1-888-563-3732, Ext. 1

My very best wishes to all of you.

Sincerely,

Lynn Calvert MD
