Notice of Practice Closure

Dear Patients:

It is with mixed feelings that I have decided that I will be closing my medical practice. My last day for seeing patients will be **August 31, 2021**.

Finding a New Doctor

It is advisable that you find a new physician as soon as possible. I recognize that changing physicians may be stressful, but I encourage you to seek continuity of care with the following suggestions to find a new doctor for yourself:

1. Ask family and friends to ask their doctors if they would take you in.
2. Go online to <https://www.saskatchewan.ca/residents/health/accessing-health-care-services/find-a-family-doctor-in-your-community>
3. Contact RSRS (see below). They often are aware of physicians accepting new patients.

If you have an urgent medical matter in the absence of a doctor, you should proceed to the nearest emergency room.

Your Medical Record

I am required by the College of Physicians & Surgeons to store all original patient records for a period before they can be destroyed. I've selected **RSRS**, a physician-managed company to safely and securely store all patient records from my practice. RSRS will also assist you in **obtaining a certified copy, both for yourself and for your new doctor.**

As a last piece of medical advice, I encourage each of you to arrange for the transfer of your record as it is a very important file for your continued care and should be accessible at all times, even (and especially) in the absence of a new doctor. (I have included an infographic illustrating 10 reasons why). While there is a fee for the copy/transfer of medical records, it is not prohibitive. Please do not delay in making arrangements by contacting RSRS today. Please proceed on the web to:

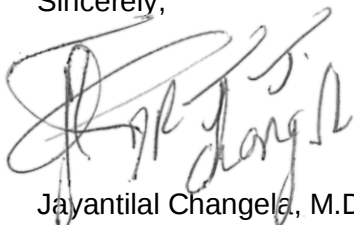

www.recordsolutions.ca/DrChangela

or call RSRS at

1-888-563-3732, Ext. 1

Once again, I have enjoyed working with you to assist with your health care needs and wish you well and good health into the future.

Sincerely,

Jayantilal Changela, M.D.
