NOTICE OF RETIREMENT

March 2019

Dear Patients:

As your Obstetrician and Gynecologist, I appreciate the trust you have shown me for the past 40 years, and for the allowing me to provide for your specialized medical needs. At this time and with mixed emotions, I am writing to announce my retirement. **My office closed January 14th, 2019.**

Finding a New Doctor

You will need to return to your Family Doctor in order to be referred to a new OG/GYN.

Your Medical Record

I must store all patient records for a period of time before they can be shredded. We have selected RSRS to safely and securely store all patient records from my practice. They will also assist you in obtaining a *certified copy* for yourself and/or a new doctor.

The medical record is an important document as it contains important information for your continued care. It is advisable to obtain a copy of the record so that the information is always easily accessible. Please make arrangements with RSRS at:

(Note: there is an administrative fee for the transfer of medical records)

Making the decision to leave my practice has not been easy. I have valued the trusted relationships we have developed, and I truly appreciate the opportunity to have helped manage your healthcare needs.

It has been a pleasure serving you. I wish you and your family the best of health for the future.

Yours truly,

Thomas P. Corkum M.D.
