

Dr. J. Wendy D'Andrea

2200 Rutherford Road, Suite 201 | Concord, ON | L4K 5V2

Notice of Practice Closure

Dear Patients:

As I posted in the office at the start of this year, I have decided to retire at the end of December. **My last day seeing patients will be December 15, 2020.** It was a very difficult decision to make. It has been a pleasure and a privilege to be your family physician for almost thirty-eight years. I have enjoyed working with all of you and being part of your multi-generational families.

I want to thank the people who have worked with me during this long time and most especially Barbara Sinopoli, for her strong work ethic and dedication during these last five years.

By seeing my last patients on December 15, it will allow me to check all results and make any referrals, if necessary, before the last day of December. I have sent notice letters to the specialists I use, the laboratories and diagnostic imaging centres and the hospitals. Please notify the specialist you see and any regular screening centres you attend that consulting letters will need to be sent to your new doctor.

Finding a New Doctor

I have tried all year to find a physician to take over my practice and although I was unsuccessful in this, I have done my best to find physicians who would welcome you into their practices. I have provided a list of these doctors on the accompanying page. You are also free to find a doctor of your own choosing. You will need to call to confirm your choice and also arrange to transfer a copy of your medical record to them (see section below).

Your Medical Record

I am required by the College of Physicians & Surgeons to store all original patient records for a period before they can be destroyed. I've selected **RSRS**, a physician-managed company to safely and securely store all patient records from my practice and also to facilitate the transfer of a certified copy of your record to you and/or to your new doctor upon your request.

I strongly encourage each of you to arrange for the retrieval of your own medical record.

It is a very important file for your continued care and should be accessible at all times. I have included an infographic with this letter which better illustrates the record's importance. While there is a fee for the copy/transfer of medical records, it is not prohibitive. Please do not delay in making arrangements by contacting RSRS today.

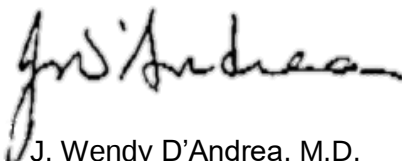

www.recordsolutions.ca/DrDAndrea

or call RSRS at

1-888-563-3732, Ext. 1

Once again, I have enjoyed working with all of you and I wish you all good health and happiness for the future, and please stay safe.

Sincerely,

J. Wendy D'Andrea, M.D.

*RSRS is a physician-managed medical records storage facility. They are fully compliant with the guidelines set by the College of Physicians and Surgeons of Ontario and the relevant privacy regulations.
