Notice of Practice Closure

Dear Patients:

It is with mixed emotions and after much consideration that I have decided to close my practice. It has been my privilege to assist you with your healthcare needs. The last day for seeing patients will be **June 21, 2024**.

Finding a New Doctor

Unfortunately, I have not found a physician to take over the practice. I recognize that finding a new physician may be stressful, but I encourage you to be proactive in your healthcare management during this time. I have provided some suggestions below on how you can find a new doctor:

1. Contact Tele-Care 811 by dialing 8-1-1
2. Search for Patient Connect at <https://gnb.ca>
3. Ask family and friends if they can try and get you in with their doctor.
4. Speak to your local pharmacist who may be aware of new physicians in your area.
5. Contact **RSRS** (see below). They often know of physicians accepting new patients.

If you have an urgent medical matter in the absence of a doctor, please proceed to the nearest emergency room.

Your Medical Record - IMPORTANT

I am required by the College of Physicians and Surgeons of New Brunswick to store all original patient records for a period before they can be destroyed. *Your medical record does not automatically follow you when you leave a medical practice, unless you arrange for it.* I have selected RSRS, a physician-managed company, to safely and securely store all patient records from my practice. RSRS will also assist you in obtaining a certified and searchable copy of your medical file for yourself and/or your new physician.

I encourage you to obtain a certified copy of your personal medical history. It is a very important file for your continued care and should be accessible at all times, *especially in the absence of a new doctor*. I have included an infographic illustrating 10 reasons why the record is so important. While there is a fee for the copy/transfer of medical records, it is not prohibitive. Please do not delay in making arrangements by contacting RSRS today at:

Sincerely,

Dr. Egorume Anochie
