Notice of Practice Closure

Dear Patients:

As many of you may already be aware, my last day of patient care was on **December 18, 2023**. I will continue to review reports until January 31, 2024. It has been a privilege and an honor serving as your family doctor.

Finding a New Doctor

I recognize that changing physicians may be stressful, but I encourage you to be proactive in your healthcare management during this time. I have provided some suggestions below on how you can find a new doctor:

1. Ask family and friends if they can try and get you in with their doctor.
2. Speak to your local pharmacist who may be aware of new physicians in your area.
3. Call "Health Care Connect" at 1-800-445-1822 or online at <https://www.ontario.ca/page/find-family-doctor-or-nurse-practitioner>
4. Contact **RSRS** (see below). They often are aware of physicians accepting new patients.

If you have an urgent medical matter in the absence of a doctor, please proceed to the nearest emergency room.

Your Medical Record

I am required by the College of Physicians and Surgeons of Ontario to store all original patient records for a period before they can be destroyed. ***Your medical record does not automatically follow you when you leave a medical practice, unless you arrange for it.*** I have selected RSRS, a physician-managed company, to safely and securely store all patient records from my practice. RSRS will also assist you in obtaining a certified and searchable copy of your medical file for yourself and/or your new physician.

I encourage each of you to obtain a certified copy of your personal medical history, regardless of whether or not you find a new doctor immediately. It is a very important file for your continued care and should be accessible at all times, *especially in the absence of a new doctor*. I have included an infographic illustrating 10 reasons why the record is so important. While there is a fee for the copy/transfer of medical records, it is not prohibitive. Please do not delay in making arrangements by contacting RSRS today at:

Sincerely,

Dr. Eamon Johnston
