Notice of Practice Closure

Dear Patients:

It is with mixed emotions and after much consideration that I have decided it is time to close my family practice. It has been my privilege to assist you with your healthcare needs. My last day for seeing patients will be **August 31, 2023**. Along with this closure, Dr. Donald Eddy, Dr. Daniel Shu and Dr. John Van Buuren will also be retiring from medical practice.

Finding a New Doctor

Despite my efforts, I have not been able to find a doctor to take over my practice. I suggest the following to find a new doctor for yourself:

1. Ask family and friends if they can try to get you in with their doctor.
2. Visit <https://www.healthlinkbc.ca/> or call 8-1-1 (7-1-1 for hearing impaired)
3. Contact **RSRS** (see below). They often are aware of physicians accepting new patients.

In the event of a medical emergency, patients are instructed to go to the nearest hospital emergency room.

Your Medical Record - IMPORTANT

I am required by the College of Physicians & Surgeons to store all original patient records for a period before they can be destroyed. I have selected **RSRS**, a physician-managed company to safely and securely store all patient records from the clinic, and to assist you in **obtaining a certified copy for yourself**. Requests for your records from a new physician's office can be faxed in to RSRS at 1-877-398-5932 or emailed to info@rsrs.com

It is strongly recommended that you obtain a certified copy of your personal medical history from RSRS. It is a very important file for your continued care and should be accessible at all times, **especially during these times and in the absence of a new doctor**. I have included an infographic illustrating 10 reasons why the record is so important. While there is a fee for the copy/transfer of medical records, it is not prohibitive. Please do not delay in making arrangements by contacting RSRS today at:

It has been my great pleasure and a privilege to be your health care provider. I will miss you. Thank you for your kindness and support. I wish you well and good health for the future.

Yours truly,

Marvin Huberman, M.D.
