

Notice of Practice Closure

Dear Patients and Friends:

It is with many mixed emotions that my team and I announce the changes coming to Leaside Children's Dentistry.

As you may know, 586 Eglinton Avenue East, the building site where our office is located has been slated for redevelopment to condominiums. Despite our best efforts in conducting an exhaustive search for an alternate location, we have been unable to find a suitable space to relocate the practice. Thus, after providing dental care for the children and young adults in this neighborhood for almost 25 years, Leaside Children's Dentistry will close its doors on **June 30, 2024**.

I have chosen to bring my active practice to a close to spend more time teaching at the Mount Sinai Hospital Dental Clinic for patients with Special Needs and at the dental clinic at the Faculty of Dentistry at the University of Toronto.

Below is some important information regarding our timeline.

Check-up Appointments

Patients with check-up appointments scheduled between now and June 30, 2024, should keep the appointments as scheduled.

Check-up appointments scheduled after June 30 2024 have been cancelled. If your child's appointment was scheduled to occur after June 30, 2024 and you wish for them to be seen before the office closes, please call the office to see if there are appointments available.

We will do our best to accommodate you but must limit the amount of checkup appointments as we need to be able to finish any treatment required prior to the closure of the office.

Treatment Appointments

Appointments have been reserved in our schedule so that we can provide any treatment necessary before our closing date of June 30, 2024

Finding a New Dentist

You can search for a new dentist by visiting: [Find a Dentist](#)
Or for a specialist in pediatric dentistry: [Find a Pediatric Dentist](#)

Your Dental Record

I am required by the Royal College of Dental Surgeons of Ontario to store all original patient records for a period before they can be destroyed. I've selected **RSRS**, a physician-managed company to safely and securely store all patient records from my practice. RSRS will also assist you in obtaining a *certified and searchable copy* for yourself or a new dentist. While there is a fee for the copy/transfer of medical records, it is not prohibitive. Please contact RSRS at:

www.recordsolutions.ca/DrKatherineIng

Tel: 1-888-563-3732
Fax: 1-877-398-5932
Email: info@rsrs.com

Practicing dentistry in a community that has supported my efforts so greatly has been thoroughly rewarding. I am appreciative of the opportunities I have had to work with you and it has truly been my privilege and pleasure to play a part in the dental needs of your family. I am deeply thankful for your endorsement in our work and for referring your friends and family to us.

Thank you again for the wonderful years of working together.

Sincerely,

Dr. Katherine Ing
