Notice of Practice Closure

Dear Patients:

It is with mixed emotions that I am announcing the closing of my family practice **effective June 29, 2022**. Going forward, I have decided to focus exclusively on specialized care only.

Finding a New Doctor

For continuity of care purpose, please start looking into finding a new family physician promptly with the following suggestions:

1. Ask family and friends if they can try to get you in with their doctor.
2. Go to <https://www.palliserpcn/health-professionals/doctors>
3. Go to <https://albertafindadoctor.ca>
4. Contact "Health Link Alberta" at 1-800-408-5465.
5. Contact **RSRS** (see below). They often are aware of physicians accepting new patients.

If you have an urgent medical matter in the absence of a doctor, please proceed to the nearest emergency room. If you are following up on investigations of a less urgent nature, please go to a walk-in clinic and have them check your results on "Netcare".

Your Medical Record

I am required by the College of Physicians & Surgeons to store all original patient records for a period before they can be destroyed. I have selected **RSRS**, a physician-managed company to safely and securely store all patient records from my practice and to assist you in **obtaining a certified copy for yourself**.

I strongly encourage you to obtain a certified copy of your personal medical history. It contains far more detail than Netcare and is a very important file for your continued care and should be accessible at all times, **especially in the absence of a new doctor**. I have included an infographic illustrating 10 reasons why the record is so important. While there is a fee for the copy/transfer of medical records, it is not prohibitive. Please do not delay in making arrangements by contacting RSRS today at:

www.recordsolutions.ca/DrMYoung

or call RSRS at

1-888-563-3732, Ext. 1

It has been so very rewarding over the years to help you with health issues. I wish you good health and much happiness for the future.

Sincerely,

Dr. Madison Young

*RSRS is a physician-managed medical records storage facility. They are fully compliant with the guidelines set by the College of Physicians and Surgeons of Ontario and the relevant privacy regulations.
