Notice of Practice Closure

Dear Patients:

It is with mixed feelings and after much consideration that I have decided that I will be closing my psychiatry practice. My last day for seeing patients will be on **January 30th, 2024**.

Finding a New Doctor

Please see your family doctor for a referral to a new psychiatrist.

I recognize that finding a new psychiatrist may be stressful, but I encourage you to be proactive in your healthcare management during this time. If you do not have a family doctor who can refer you to a psychiatrist, please see some suggestions below on how you can find a new family doctor:

1. Ask family and friends if their doctor might be able to accept you as a patient.
2. Speak to your local pharmacist who may be aware of new physicians in your area.
3. Go online to <https://www.saskatchewan.ca/residents/health/accessing-health-care-services/find-a-family-doctor-in-your-community>

If you have an urgent medical matter in the absence of a doctor, you should proceed to the nearest emergency room.

Your Medical Record

I am required by the College of Physicians & Surgeons to store all original patient records for a period before they can be destroyed. Your notes will be available at no charge from the Rapha Clinic until January 30th, 2024. You can call the receptionist at Rapha Clinic on 306-922-9890. I've selected **RSRS**, a physician-managed company to store all patient records safely and securely from my practice. Your notes may be obtained from RSRS from the 31st of January 2024. RSRS can assist you in obtaining a *certified copy* of your record for a new psychiatrist or health care provider. While there is a fee for the copy/transfer of medical records, it is not prohibitive. You may contact RSRS at:

www.recordsolutions.ca/DrObosi-Odogwu

Tel: 1-888-563-3732

Fax: 1-877-398-5932

Email: info@rsrs.com

Once again, I have enjoyed working with you to assist with your health care needs and wish you well and good health into the future.

Sincerely,

Dr. Evelyn Obosi-Odogwu

*RSRS is a physician-managed medical records storage facility. They are fully compliant with the guidelines set by the College of Physicians and Surgeons of Saskatchewan and the relevant privacy regulations.
