Notice of Practice Closure

Dear Patients:

With mixed emotions I am announcing my retirement from my practice. **My last day seeing patients will be September 3rd, 2021.** I am grateful to each of you for the trust you placed in me to serve as your physician. Ending this doctor-patient relationship is a much more difficult task than I ever imagined, but the time has come.

Finding a New Doctor

As you may know, there exists a shortage of family doctors in Ontario and I have had no success in finding a replacement. Here are a few options to find a new health care provider:

1. Ask friends and family to try to get you in to their doctors.
2. Register with Health care Connect at 1-800-445-1822 – this is a Ministry of Health Initiative which helps Ontarians find a new health care provider.
3. Use the College of Physicians and Surgeons of Ontario FIND A DOCTOR search (<https://doctors.cpso.on.ca/?search=general>).
4. Contact **RSRS Inc.** (see below). They often know physicians accepting new patients in your community.

Your Medical Record

I am required by the College of Physicians & Surgeons to store all original patient records for a period before they can be destroyed. I have selected **RSRS**, a physician-managed company to safely and securely store all patient records from my practice and to assist you in **obtaining a certified copy for yourself.**

I strongly recommend that you obtain a copy of your personal medical history from RSRS. This information is important for your continued care and may not be available to you or your next healthcare provider otherwise. Please inform any specialist you may be attending of your new family doctor's name and location. (I have included an infographic illustrating 10 reasons why). While there is a fee for the copy/transfer of medical records, it is not prohibitive. Please do not delay in making arrangements by contacting RSRS today. Please proceed on the web to:

or call RSRS at

1-888-563-3732, Ext. 1

My very best wishes to all of you, my friends.

Sincerely,

Fulvio Paolucci MD
