November 2017

I am writing with mixed feelings to let you know that after ?? years of practicing medicine, I have decided to retire. I will be closing my Cardiology/Specialist practice and will no **longer be** seeing patients after **April 19 th 2018**

Finding a New Doctor

To find another specialist, you should return to your family doctor for a new referral.

Your Medical Record (Important)

I have contracted with RSRS, a physician-managed medical records company, to securely store all of my patients records and transfer a copy to you and/or to your new doctor upon request. While there is a fee for provision of this uninsured service. It is important that your medical history moves forward with you and is part of your continued care and will not be available to you or to your next healthcare provider otherwise.

**To obtain a certified copy of your medical record, please go online to
www.recordsolutions.ca/DrSGoldstein/
or contact RSRS patient support at
1-888-563-3732 Ext. 1**

(Please note - You do not need to have a new doctor to obtain a copy of your record.)

It has been a privilege to be your healthcare provider. I have met some wonderful people in my practice over the years. I wish you and your families good health and happiness for the future.
