NOTICE OF PRACTICE CLOSURE

June 2018

Dear Patients:

Due to sudden health related issues I have had to make the very difficult decision to close my practice effective immediately. My last day in office was **Friday July 13th 2018**. The office will remain open until August 15th, 2018

Finding a New Doctor

Unfortunately, I have not found a replacement doctor for my practice. Therefore, I urge you to try all of the following:

1. Ask family and friends to ask their doctors if they would take you in.
2. Go online to: <http://lloydpcn.ca>. Click on "finding a new doctor".
3. Go online to the Prairie North Health Authority <http://www.pnrha.ca> and click on "Finding a New Physician".
4. List of physician's and clinics who may take on new patients in the community – *please see over*

Your Medical Record

You do not need to find a new physician in order to get your record. I must store all patient records for a period of time before they can be shredded. I will be storing the records with RSRS, a physician-managed facility to safely store all my records from my practice and to assist you in obtaining a *certified copy*. Your record is very important for your future care.

Please contact RSRS as soon as possible to obtain a copy of your record regardless of whether or not you have a new doctor. It's easy to make a second copy by yourself once you find a new doctor. Your ability to access your medical record at any time is very important. Accessing your record at all times is very important. (Note: there is a standardized fee to obtain your record, but it is not prohibitive.)

To access your medical record, please go online to:

or contact RSRS at

Making the decision to leave my practice after 42+ years has not been easy, and leaving practice with so many wonderful patients will be most difficult. I have valued the trusted relationships we have developed, and I truly appreciated the opportunity to help manage your healthcare needs.

I wish you and your family the best of health in the future.

Yours truly,

Raffath Sayeed MBBS,
