Notice of Practice Closure

Dear Patients:

It is with mixed emotions and after much consideration that I have decided it is time to close my practice. It has been my privilege to assist you with your healthcare needs. My last day for seeing patients is **July 15, 2022**.

Finding a New Doctor

Despite my efforts, to date I have not been able to find a doctor to take over my practice. I suggest the following to find a new doctor for yourself:

1. Call 8-1-1 to see if they have information on physicians taking patients in your area.
2. Visit <https://needafamilypractice.nshealth.ca> to register
3. You can ask friends or family to ask their doctors if they would take you in.
4. Contact **RSRS Inc.** (see below). They are sometimes aware of physicians accepting new patients

In the event of a medical emergency, patients are instructed to go to the nearest hospital emergency room.

Your Medical Record

I am required by the College of Physician & Surgeons to store all original patient records for a period before they can be destroyed. I have selected **RSRS**, a physician-managed company to safely and securely store all patient records from my practice and to assist you in **obtaining a certified copy for yourself** and/or a new doctor.

As a last piece of medical advice, I encourage each of you to arrange for the transfer of your record as it is a very important file for your continued care and should be accessible at all times, even (and especially) in the absence of a new doctor. I have included an infographic illustrating 10 reasons why. While there is a fee for the copy/transfer of medical records, it is not prohibitive. Please do not delay in making arrangements by contacting RSRS today. Please proceed on the web to:

or call RSRS at

Making the decision to leave my practice has not been easy and leaving a practice with so many wonderful patients will be the most difficult part. I have valued the trusted relationship we have developed, and I truly appreciate the opportunity to help manage your healthcare needs.

Yours truly,

Daniela Sorokovska M.D.
