Notice of Practice Closure

Dear Patients:

I am writing to confirm the closure of my general practice as of February 8, 2023. The office is now permanently closed. Please know that it has been a privilege and an honour serving as your family physician.

Finding a New Doctor

Unfortunately, I was not able to find physicians to take over your care. Therefore, I urge you to initiate a search for a new care provider. Please refer to the following suggestions:

1. Ask family and friends if they can try to get you in with their doctor.
2. Contact Family Doctor Finder at 204-786-7111 or on the web at: www.gov.mb.ca/health/familydoctorfinder
3. Contact **RSRS** (see below). They often are aware of physicians accepting new patients.

If you have an urgent medical matter in the absence of a doctor, please proceed to the nearest emergency room

Your Medical Record - IMPORTANT

I am required by the College of Physicians & Surgeons to store all original patient records for a period before they can be destroyed. I have selected **RSRS***, a physician-managed company to safely and securely store all patient records from the clinic and to assist you in **obtaining a certified copy for yourself**. Requests for your records from a new physician's office can be faxed in to RSRS at 1-877-398-5932 or emailed to info@rsrs.com

Please obtain a certified copy of your personal medical history from RSRS. It is a very important file for your continued care and should be accessible at all times, **especially during these times and in the absence of a new doctor**. I have included an infographic illustrating 10 reasons why the record is so important. While there is a fee for the copy/transfer of medical records, it is not prohibitive. Please do not delay in making arrangements by contacting RSRS today at:

Thank you for entrusting me with your health care needs over the years. I wish you and your family good health for the years to come.

Sincerely,

Dr. Anthony St. Vincent
