### Notice of Practice Closure

Dear Patients:

It is with mixed emotions that I am announcing the closing of my General Practice **effective October 11, 2022**. It has been a privilege and honor to help you with your medical needs for over 40 years.

#### **Continuity of Care – Dr. Alec Falkenham**

I feel truly fortunate that in a time of scarcity of new doctors, Dr. Alec Falkenham is prepared to take on the care of my active patients full time. Dr. Falkenham is from Halifax, Nova Scotia and has deep roots on Nova Scotia's South Shore. Prior to medical school at Dalhousie, he completed his PhD in Pathology with a focus on diseases of the heart, skin, and immune system. He enjoys teaching patients about their health so that they can be the best advocates for him to address their needs.

#### **Your Medical Record**

Your medical record in my practice currently exists almost entirely in paper. Dr. Falkenham will be running a fully digitized practice and will be using an Electronic Medical Records System (EMR). **In order to enter Dr. Falkenham's practice you will need to have your paper record scanned and converted to digital.** In this way, Dr. Falkenham will have easy and immediate access to all of your vital medical information including current and past tests, investigations, consultation letters and reports.

I have selected **RSRS**, a physician-managed company to safely and securely store all patient records from my practice and to assist you in **obtaining a certified and digitized copy for yourself, Dr. Falkenham and/or any other new physician**. While there is a fee to produce a digitized copy of your record, I have every confidence that RSRS will work with each of you with respect and understanding RSRS is a reliable company that is committed to assisting patients with continuity of care. Please do not delay in making arrangements by contacting RSRS in one of the following ways:

**[www.recordsolutions.ca/DrTrenholm](http://www.recordsolutions.ca/DrTrenholm)**

or call RSRS at

**1-888-563-3732, Ext. 1**

I wish each and every one of my patients good health and much happiness for the future.

Sincerely,

Dr. Arthur Trenholm
