Notice of Practice Closure

Dear Patients:

It is with mixed emotions and after much consideration that I have decided to close my practice. It has been my privilege to assist you with your healthcare needs. The last day for seeing patients will be **June 15, 2023**.

Finding a New Doctor

I recognize that changing physicians may be stressful, but I encourage you to seek continuity of care with the following suggestions to find yourself a new doctor:

1. Contact TeleCare at 8-1-1
2. Visit Patient Connect at <https://qnb.ca>
3. Ask friends or family for referrals to their doctors.
4. Contact **RSRS** (see below). They often know of physicians accepting new patients.

In the event of a medical emergency, please proceed to the nearest hospital emergency room.

Your Medical Record - IMPORTANT

We are required by the College of Physicians & Surgeons to store all original patient records for a period before they can be destroyed. We have selected **RSRS***, a physician-managed company to safely and securely store all patient records from the clinic and to assist you in **obtaining a certified copy for yourself**. Requests for your records from a new physician's office can be faxed in to RSRS at 1-877-398-5932 or emailed to info@rsrs.com

It is strongly recommended that you obtain a certified copy of your personal medical history from RSRS. It is a very important file for your continued care and should be accessible at all times, **especially during these times and in the absence of a new doctor**. We have included an infographic illustrating 10 reasons why the record is so important. While there is a fee for the copy/transfer of medical records, it is not prohibitive. Please do not delay in making arrangements by contacting RSRS today at:

Making the decision to leave my practice has not been easy and leaving a practice with so many wonderful patients will be the most difficult part. I have valued the trusted relationship we have developed. I wish you all much health and happiness for the future.

Yours truly,

Linda Wangui, M.D.
