NOTICE OF PRACTICE CLOSURE

Dear Patients,

With much sadness, I am writing to tell you that I am closing my medical practice; **my last day in the office will be December 23, 2019**. I have enjoyed being your family doctor for many decades, appreciate the trust you have bestowed on me, and will miss you and will miss being part of your lives.

Finding a new doctor:

I have not been able to find another doctor to take over my practice, so will have to ask you to find a new family physician.

- 1) In July I visited various offices in the neighborhood. I have attached a list of physicians who were accepting new patients at that time.
- 2) You could ask family and friends to request their doctors take you in.
- 3) "Health Care Connect" helps with referring patients who do not have a doctor – 1-800-445-1822.

Your Medical Record:

I am required by the College of Physicians and Surgeons to store all patient records for a period of time before they can be destroyed. I have selected RSRS, a physician managed facility, to securely store all patient records from my practice and assist you with obtaining a record for yourself and for your new doctor. ***I strongly suggest that each of you obtain a copy of your record for proper continuity of care.*** I've also included an infographic of 10 Reasons to Get Your Medical Record. Please contact RSRS at:

www.recordsolutions.ca/DrWhite

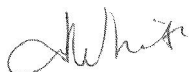

or call

1-888-563-3732, ext. 1

(Please note that the fee for the transfer of medical records is not covered by OHIP, but the fee will not be prohibitive)

I truly value the relationships we have developed and wish you and your family much health and happiness for the future.

Yours sincerely

Juliet White M.D.

P.S. In accordance with recommendations, a copy of this letter is being mailed to a list of patients I have seen in the past 3 years; if you do not consider yourself my patient, kindly ignore this letter.
