

Dr. SIDNEY CITRON

40 Beverly Hills Dr, North York, On M3L 1A1

May 2017

Dear Valued Patients,

I am writing to inform you that after much consideration, I have decided to retire from practicing medicine and will be closing my practice on **July 31, 2017**. It has been a great privilege and a pleasure to serve you - such wonderful, kind and generous people - as your family physician for the past several years. I am most grateful for the loyalty and friendship that you have shown me and for all that you have shared with me.

So many of you have known me for a very long time— some since your birth, as I delivered you. As a young man with a young family, I opened my practice at this very address in this area in 1962. I have been very fortunate to watch many of you and your families grow through good times and bad, from generation to generation, and to assist you with your health.

Finding a New Doctor

I will be available in my office to treat you until mid-July. I would like to help you in transition to a new family doctor after my retirement, and would like to introduce you to the young family physicians of the Jane Finch Family Health Team as an option for your care. Dr. Neil Ingber and his colleagues are accepting new patients and look forward to meeting you if you wish to use their services for continued health care. Their offices provide a broad range of health services, including nurses, social workers, dieticians and a diabetes team. They also offer an after-hours clinic 6 days a week. **The Jane Finch Family Health Team** is located at **1 Yorkgate Boulevard, Ste. 136A, Toronto** and can be contacted at **(416) 745-4555**. (See backside of this letter for more information). I will be available to renew your medications by FAX until you find a new family doctor. I will also be available by phone to control your blood thinners until you find a new family doctor.

Your Medical Record (Important)

It is required that all original medical records of patients are kept for a specified period before they can be shredded. We have contracted with **RSRS (Record Storage & Retrieval Services)**, a compliant medical records facility, to store the records from my practice and to transfer a copy of your file upon your instruction. You can obtain a copy of your personal medical history from RSRS. This information is important for your continued care and will be available to you or to your next healthcare provider upon your request (please note that RSRS charges a non-prohibitive fee for the copying and transferring of medical records).

**To obtain a certified copy of your medical record,
please complete the online request form at:**

www.recordsolutions.ca/drCitron/

or call

1-888-563-3732, Ext.1

To reiterate, it has been a great honour to care for you all and I wish you the best of health and everything in the coming years.

Yours Sincerely,

Dr. Sidney Paul Citron

Jane Finch Family Health Team

1 Yorkgate Boulevard Suite 136A Toronto, Ontario
