You may also wish to contact Health Care Connect, a ministry of Health initiative will help you locate a new health care provider. To register for Health Care Connect program, call 1-800-445-1822. When you go for tests or see a specialist, please give them the name of your new family doctor. As of June 21st, 2017, we are no longer responsible for any of your test results.

Your Medical Record (Important)

All original clinical records of patients are kept for a specified retention time before they can be shredded. I have contracted with RSRS, a compliant medical records facility, to securely store the records for my practice and transfer a copy of your file on your instruction.

I strongly recommend that you obtain a copy of your personal medical history from RSRS. This information is important for your continued care and may not be available to you or your next healthcare provider otherwise. You do not need to have a new doctor to obtain your record.

**To obtain a copy of your medical record,
please complete the online request form at:**
