

Dr. Mariano Petrini

206- 8333 Weston Road
Woodbridge, ON. L4L 8E2

NOTICE OF PRACTICE CLOSURE

Dear Patients,

With much consideration and mixed feelings, and after many years of practicing medicine, I have decided to close my family practice. **The office will be closing effective June 30th 2017.**

I have truly enjoyed being your family physician, and it has been a pleasure to be involved in your health care over the years. I have made many good friends in the practice and always looked forward doing my best to take care of you but the time has come to move on.

Finding a New Doctor

As you know, there exists a shortage of family doctors in Ontario. Health Care Connect is a Ministry of Health initiative which helps Ontarians locate a new health care provider. To register for the Health Care Connect program, call 1-800-445-1822. When you go for tests or see a specialist, please give them the name of your new family doctor. As of June, 2017, we are no longer responsible for any of your test results.

Your Medical Record (Important)

All original clinical records of patients are kept for a specified period of time before they can be shredded. I have contracted with RSRS, a compliant medical records facility, to securely store the records from my practice and transfer a copy of your file on your instruction.

I strongly recommend that you obtain a copy of your personal medical history from RSRS. This information is important for your continued care and may not be available to you or your next healthcare provider otherwise. You do not need to have a new doctor to obtain your record.

To obtain a copy of your medical record,
please complete the online request form at:

www.recordsolutions.ca/drpetrini/

or contact

Patient Support at 1-888-563-3732, Ext. 1

(Please note that there is fee for the copying and transferring of medical records)

Thank you again as it has been a great pleasure being your physician. I wish you continued health and happiness in the years to come.

Sincerely,

Mariano Petrini M.D.,

* RSRS is a compliant, physician-managed medical records facility.
